Voters of all parties are invited
to hear Mr. Allen speak.

ALBERT McGEHEE.

Brother of W. G. McGehee, Dies
In Simpson.

The numerous relatives of Mr.
Albert McGehee will learn with
regret of his death; which occurred at
his home near Auburn, on the
20th ult.

Death was due to paralysis of
the throat and was quite sudden.
For several years he had been in
bad health, but he was only con-
fined to his bed a few days. Mr.
McGehee was a brother of Mr.
William G. McGehee, of Gracey,
and was about seventy years old.
He was a native of Virginia and
moved from Lewisburg to Ken-
tucky about thirty years ago.

He was twice married and leaves
a wife and several children. One
of his sons, Mr. A. C. McGehee, is a
well known young business man of
Auburn, Ky.

ELOPED TO TENNESSEE.

Lafayette Couple Married at
Weaver's Store Wednesday.

Lafayette, Ky., Sept. 21.—Mr. E.
N. Roper and Miss Annie Lacy,
daughter of Mr. W. E. Lacy,
eloped to Tennessee and were
married Wednesday afternoon at
4 o'clock, at Weaver's store, by
Rev. J. E. King. Parental objec-
tion was the cause of the elopement
and the matter was hastened by
the report that the young lady was
soon to be sent to a convent to pre-
vent the marriage.

Mrs. M. E. Phippen has sold
her hotel property here and will
leave for Murray, Ky., tomorrow,
where she will engage in the same
business.

GOOCH WINS.

Nominated in the Tri-Angular
Race in the Sixth.

Cincinnati, Sept. 24.—The Demo-
crats of the Sixth congressional
district, of Kentucky, consisting of
seven counties, held primaries to-
day to nominate a candidate for
congress. The candidates were
D. Linn Gooch, Congressman A. S.
Berry and J. L. Rhinock. The
votes received were: Gooch, 5,128;
Rhinock, 4,921; Berry, 4,665. This
makes Gooch the nominee. Berry
ran best in Campbell county, where
he lived. In Kenton county, Rhi-
nock's home, he received 2,075, only
eighteen more than Gooch received.
Besides in his own county, Berry
beat the other candidates in Trim-
ble, Carroll and Gallatin.

All sides continue to claim the
nomination and it will take the offi-
cial count to finally decide it.

A GREAT SPEECH.

Col. Hendricks Addresses a
Crowd of 800 Voters.

Holds Their Close Attention for
More Than Two Hours—Intro-
duced by W. R. Howell.

Hon. Jno. K. Hendricks spoke at
the Court House yesterday after-
noon to an enthusiastic crowd that
filled the building to its full ca-
pacity.

He was introduced to the audi-
ence by Mr. W. R. Howell and for
more than two hours held the
closest attention of the large crowd,
although many were compelled to
stand up.

The applause was frequent and
generous and at times vociferous.
The tenor of the speech was con-
ciliatory, and calculated to do
great good.

The first half hour was devoted to
a discussion of national questions,
imperialism, trusts and national
extravagance. He then took up
state issues and showed at
length the part played in invalidating
the election in Louisville last
year by Judge Evans, Gov. Bradley
and Judge S. B. Toney.

He described the tissue ballots in
the mountain counties and other
Republican frauds exposed in the
contest. His discussion of the
nomination of Mr. Goebel, the sub-
sequent canvass and the events
leading up to his assassination, was
in a spirit of sincerity, earnestness
and truthfulness that had a telling
effect upon people of all parties.

His arraignment of Taylor,
Powers and the other assassins of
the martyred Governor, was very
severe and evoked storms of ap-
plause.

He appealed to Democrats of all
shades of opinion to unite in up-
holding the laws and electing the
Democratic ticket.

Mr. Hendricks is an orator of
great force and ability and no
speaker of the campaign on either
side will have a more attentive
audience or one more thoroughly
pleased with the character of the
address delivered.

A number of ladies were in the
audience that heard the speech.

BARN BURNED.

Building Was Full of Fine Tobac-
co—No Insurance.

A barn belonging to Mr. Ben
Sizemore, of the Bainbridge neigh-
borhood, was destroyed by fire one
night last week, together with
several hundred sticks of fine to-
bacco. The building was a log
structure and the timbers caught
on fire while the weed was being
cured. Mr. Sizemore had no in-
surance and the loss falls heavily
upon him.

STRIKE SITUATION.

The Shenandoah Massacre the Only
Outlook So Far.

Shenandoah, Pa., Sept. 22.—No
violence of any moment has oc-
curred since the rioting of yester-
day afternoon, which resulted in
the killing of one person in the
streets of this place and the serious
injury of a score of others.

Troops began arriving soon after
daylight, and upward of 2,500 sold-
iers are here ready for any emer-
gency.

The collieries are idle, they hav-
ing been closed by the Reading
company at the request of Sheriff
Toole in order to avert trouble.

MINERS STILL CONFIDENT.

Wilkesbarre, Pa., Sept. 22.—
Everything is tranquil in the
Wyoming Valley. There has been no
disturbance and there will be none.
It is thought that if trouble
arises it will be in the Hazelton
region, where some of the collieries
are still being operated.

The United Mine Workers held
meetings in many places this even-
ing. Sheriff Toole and his depu-
ties were condemned for their shoot-
ing.

ing at Shenandoah. Leaders of the
United Mine Workers say Toole
was too hasty in giving orders to
fire and he proved poor general
in directing his men.

FAIR OPENS.

The Elk's Fair and Carnival begins To-day
For Five Days.

The Elk's Fair and Carnival is
the event of events this week. The
fair opens to-day with flags and
banners flying everywhere and the
streets crowded with visitors.

The shows at Mercer Park are
all ready for business and the pro-
grams as heretofore announced
will be carried out from day to day.

Irish Farce Comedy.

The King of the Irish farce com-
edies "Maloney's Wedding" will be
presented at Holland's Opera House
on Saturday night and will be re-
peated. The funny complications of
Dan Maloney and Val Blatz in trying
to win the affections of "Widow O'Connor" presents a combination
of amusing situations which cause
a roar from start to finish. The
company carries a band and or-
chestra and gives a street parade
which is unique in style.

MR. BRYAN ON TRUSTS

He Tells of the Evils of the System in a Speech at St. Louis.

AND GIVES SOME SAMPLE CASES

How Trusts Will Hurt the Traveling Man, the Hotel Keeper and Railways.

Decide of Farm Products—The Agricul-
tivist the Most Important Factor in Our National Life.

In his speech before the Commercial Travellers' association at St. Louis William Jennings Bryan said:

The lament of David over Absalom is one of the most pathetic passages of the Old Testament. The fact that the son of the relation and the child as well as parental authority did not shake the father's affection, and the anxious query, "Is the young man, Absalom, safe?" lingers in the memory of all who study the history of the great Hebrew king. And yet, the interest which David felt in his son, Absalom has its parallel in the more than 100,000 families which make up the American people.

No language can describe a mother's love, or exstate the abiding interest which the father feels in the welfare of his child. From the time when the mother's life hangs in the balance at the boy's birth until the death of the parents there is scarcely a moment of time when the love of the Hebrew king. And yet, the interest which David felt in his son, Absalom has its parallel in the more than 100,000 families which make up the American people.

Another Advantage cited by Mr. Bryan is that "There is no multiplication of trusts, and the result will be a better force of salesmen and a better force of salesmen will take the place of a large number."

Another advantage cited by Mr. Bryan is that "There is no multiplication of trusts, and the result will be a better force of salesmen and a better force of salesmen will take the place of a large number."

Drammers Dispensed With.

It is an intimation that under the trust system the traveling salesmen will not be needed. When every retail merchant carries all goods of course from a single concern, the purchase can be done by the manufacturer. The manufacturer will have every advantage, because, in case of any contest between the trust and its employees, the trust will have every advantage.

Another advantage cited by Mr. Bryan is that "There is no multiplication of trusts, and the result will be a better force of salesmen and a better force of salesmen will take the place of a large number."

No Hope from Republicans.

During the present administration no honest effort has been made to protect the public from trusts.

The Republican party does the executive and the legislative departments of the federal government. It can effect the laws which now exist; it can propose and pass laws which will not be adopted.

No person can watch the conduct of the Republican party in Congress, and the result will be that the laboring man will be protected.

The railroad will lose the mileage paid by the traveling man; the manufacturer will lose the best price.

Another advantage cited by Mr. Bryan is that "There is no multiplication of trusts, and the result will be a better force of salesmen and a better force of salesmen will take the place of a large number."

Another Advantage.

I would call the attention of every father and mother to prevent the conditions, investigate their causes and their tendency to the welfare of the country.

What is the young man, Absalom, safe?" Are you satisfied with the possibilities and the probabilities which now open before your sons?

Is he safe when foreign or domestic financiers are allowed to determine the monetary system under which he is to live?

Is he safe when national banks control the volume of money with which he does business?

Is he safe when the holding which controls the size of the national debt upon which he must help to pay interest?

Is he safe when he means of taxes will claim control upon him?

Is he safe when his possessions are taken away to pay for the selection of those who are to represent him in the senate of the United States?

If he is a wage-earner, and you do not know how soon he may be even if he does not now know, he is liable to be deprived of trial by jury, through the system known as "Government by injunction?"

Is he safe when he labors, when he is denied the protection of arbitration and compelled to submit to such hours and terms as a corporate employer may propose?

The Reign of Monopoly.

But, I desire to call the attention to the growth of the trusts, and to the result which will follow under the reign of private monopoly.

If you cannot leave him a fortune, you can leave him something more valuable than money. You can leave him his brain and his own hands for the advancement of his own welfare. When there is industrial independence, each citizen is stimulated to do his best, and to do his best in order to profit by his own genius, his own energy, his own industry and his own virtue. But when private monopoly reaches its full development, the business of industry will be controlled by one or a few men, and the fruits of monopoly, like the divine right of kings, will be kept with the possession of a single tree generation to generation, while the real producers of wealth will be condemned to perpetual servitude or servitude to the rich. When monopoly reaches its full development, you will buy the finished product at the price which monopoly fixes; he will sell raw material at the price which monopoly fixes, and he will pay wages which will work for such compensation and upon such conditions as monopoly may determine.

The First Plan of the Rubber Goods Manufacturing Co. in a speech delivered in Boston on the 25th of May, 1890, outlined the trust programme which great franchises. In speaking of the trusts he said:

Advantages of Trusts.

One of the companies, taken into the combination, had assets estimated at little more than \$6,000,000; another company had assets estimated at little more than \$3,000,000; the third company had assets estimated at \$10,000,000; and the fifth company had assets estimated at \$700,000. The good will will not be less than \$10,000,000.

The total assets, therefore, of the five companies, not including the good will, were less than \$12,000,000, and the prospectus states that the company for the year 1898, estimated on the basis of the year 1897, would amount to \$120,000. Under the head of "Estimated additional expenses from consolidation" it finds the following:

"Each of the five companies now maintains agencies in the principal cities of the United States. The Worthington, and similar companies, have under the reign of private monopoly

the stores and carry stock in London, Hamburg, Vienna, and other cities. Some of them have expensive salaries and expenses. All these costs and the other countries will be eliminated. The stores and agencies maintained in the cities of this country, and the forces of clerks, etc., will be united and decreased, involving an estimated saving of at least \$500,000 a year. The expenses of each company in maintaining its forces and stores will be decreased, and the cost of labor will be decreased to the elaborate drawings, and specifications for estimating of work, which will bring about a further reduction. The standardizing of the patterns for men's and domestic wear is now under way in the Worthington factory, when applied to the entire business of the new company, will result in an estimated saving of at least \$200,000 per year."

And then follows in black type this significant statement:

Advantages of Consolidation.

A conservative estimate of the advantages derived from the consolidation of the five companies would make a total of future net earnings, with the estimated earnings based on ten months of the year's business, \$2,000,000, of which \$1,000,000 in the preferred stock, and over 11 per cent. on the common stock of the new company."

It will thus be seen from the prospectus that the advantages of the cutting down of expenses will be the cutting down of the risk of the stockholders, the income and not a word is said about giving the advantages of this reduction to the consumer.

The sum taken from the hotelkeepers, from the railroads, from the lumbermen, from the newspapers, and from others who suffer by the action of the trust, will be well all added to the profits of the monopoly. The stock was to be watered, and prices maintained to pay dividends upon fictitious capital.

To give a further guarantee to the monopoly, the prospectus says that the principal men connected with the various companies would become identified with the company, and would contract not to engage in a like business for ten years. But what about the public? What guarantee has the public to the fact that the trust will not increase the price of the product?

Is it not reasonable to expect that the monopoly, after eliminating the salesmen, the clerks, the salaries, and expenses to the profit account, will seek a further profit by raising prices and lowering wages?

Is it not reasonable to expect that there will be deterioration in quality

when the spur of competition no longer compels the manufacturer to furnish the best goods for the lowest possible price?

In a little book described as an "Investment Guide" and issued in 1900, by the New York Tribune, is a list of large corporations, together with a brief description of the business done and advantages secured by the trust. In one instance an estimate is given of the total product of the United States.

Mr. Bryan gave then a list of a few of the corporations organized since the last presidential election, and continued:

No Hope from Republicans.

During the present administration no honest effort has been made to protect the public from trusts.

The Republican party does the executive and the legislative departments of the federal government. It can effect the laws which now exist; it can propose and pass laws which will not be adopted.

No person can watch the conduct of the Republican party in Congress, and the result will be that the laboring man will be protected.

A PERSONAL CAMPAIGN.

Announcement is made that it has been definitely decided that President McKinley will not receive delegations during this campaign on account of the situation in the Orient. Fiddlesticks! There is nothing in the Asiatic condition that need keep the Chief Executive from meeting his fellow citizens. If this running to and fro between Washington and Canton is intended to impress the people with the notion that the powerful brain and extraordinary statesmanship of William McKinley are necessities in the present crisis in national and international affairs it will fail of its purpose. It is equally frivolous to assume that the magic presence of the "Little Napoleon" is necessary to save Ohio. It is plain that the Administration managers are uneasy about this state, but the individuality of Mr. McKinley would not be likely to change a dozen votes. The President was brought to Cincinnati early in his Administration so that his presence might help to elect a legislative ticket that would be friendly to Senator Hanna. It will be remembered that the end desired was not accomplished, and Mr. Hanna had to go into the open market with his money and his Federal patronage to secure his election to the Senate by a beggarly "scratch." Nevertheless, the present programme seems to be to have the President do some "heavy standing round" in Canton—to pose as an example of national beneficence. It will be a dull performance, though. Mr. McKinley will not receive delegations. To do so might make it necessary to make speeches, and the letter of acceptance is the last hazard of that sort the Republican candidate should be required to take. Perhaps his goodness and greatness will just as effective if he sits in a bay window at Canton and watches the crowds go by. It will be especially joyful to the working men as they pass by, carrying their "full dinner pails"—full of cold provisions, to be eaten at the hour when they are in greatest need of something to warm as well as to fill their stomachs. Much must be left to the playful fancies and tender sympathies of a susceptible people.—Cincinnati Enquirer.

For Housekeepers.

It has been brought to the attention of this paper that a baking powder is offered for sale here which contains alum.

Alum is unfit for food, producing indigestion, alum heart, sallow complexion, constipation and attendant ills. It is not fair to our people that such a substance disguised as a baking powder should be sold in order to allow a maker or a grocer a little more profit, regardless of the health of the family.

Good baking powder costs about forty-five cents a pound. Alum baking powder is sold for twenty-five cents a pound or less. The difference in cost between a good and wholesome baking powder and an alum powder would not exceed a dollar for a whole year's supply. People are very foolish to take the risk and suffer ill health for the sake of a few pennies, which after all are not saved.

Good baking powder is one of the most useful things in the household, and we seriously urge our readers to save their health, and money also in the end, by insisting upon having a good brand like Royal, Dr. Price's or Cleveland's.

If requested to do so by our subscribers, we will publish the name of the Alum baking powder sold here.

PROBE TO THE BOTTOM.

There has been a great deal of talk about the election in Christian county in 1899, but so far but little action in the way of investigating charges and counter charges. Two grand juries have met and adjourned since these alleged frauds were committed. The KENTUCKIAN called the attention of both of these bodies to the charges made, and the court gave the last grand jury special instructions to investigate violations of the election law. The last two grand juries failed to make a report on these matters. Another grand jury is now in session and the court has instructed it to indict all persons guilty of violating the election laws of the State. It is to be hoped there will this time be no evasion of duty along this line. The charges to be investigated are not mere rumors. Last December the following signed statement appeared in an Earlington paper:

NOTE EXPLAINED.

Goebel Machine Threw Out Over 500 Votes Cast For Taylor.

Hopkinsville, Ky., Dec. 12.—I think in justice to Gen. W. S. Taylor and the public generally to make some explanation as to the cause of the comparatively small Republican majority in the recent election in Christian county. While there were 363 more votes cast in the recent election for Gov. Taylor than were cast in 1895 for the Hon. Wm. Bradley, Bradley's majority over Taylor is 567.

The following figures will show how Christian county's usual Republican majority was increased in the result of the recent election:

Total number of votes received by Hon. Wm. O. Bradley in 1895.....	3,637
Total number of votes received by the Hon. P. W. Hartman in 1895.....	2,418
Bradley's majority.....	1,222
Total number of votes received by Gen. W. S. Taylor in 1899 4,000;	
Total number of votes received by Hon. Wm. Goebel in 1899 2,816	

Taylor's actual majority in the various precincts.....	1,184
Total number of votes thrown out in large colored Republican precincts.....	434
Taylor's majority in Hopkinsville precinct No. 1, thrown out.....	95

Taylor's majority after canvassing returns.....

Very respectfully,

John P. PROWSE,
County Clerk and Chairman of Republican Campaign Committee.

Here is a direct charge signed by a county official and the presumption is that he has knowledge to back his serious charges.

On the other hand, the election officers of Hopkinsville No. 1 have stated under oath that the same county official, and other county officials, entered their poll room during election hours, in violation of law, and interfered with them in the discharge of their duties and that other frauds and irregularities occurred sufficient to invalidate the election in that precinct.

Other election officers, notably those at Gordonfield, reported that efforts were made to intimidate them in the discharge of their duties.

Election officers in all the Hopkinsville precincts reported that they were not provided with their

Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound in your ear, and unless the tube is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous lining of the ear.

We will give One Hundred Dollars for every case of Deafness (caused by Catarrh) that cannot be cured by Hail's Catarrh Cure. Send for circulars free.

registration books as required by law, but with so called copies not duplicates of the originals, and that the names of numerous persons not legally entitled to register, some of whom were not permitted to vote, were added to the lists during the supplementary registration. All persons who registered illegally on affidavits swore falsely. These charges are offenses against the laws. It is also charged that voters were registered in precincts or wards in which they did not live and cast illegal votes, or were stopped by election officers in their attempts to do so.

These other charges have been freely made just as the charges of the county clerk have been made, openly and boldly and it is the duty of the grand jury to investigate both sides and see that the laws are enforced.

As one of the parties accused of fraud, the editor of this paper demands an investigation by the grand jury, and Chairman Isaac Garrott, of the election board, unites in this demand.

Four negroes were lynched at Ponchatoula, La., Thursday night. Fourteen negroes had been arrested on suspicion of being implicated in a robbery, and the four who were hanged were selected by the mob as the most guilty.

While Gov. Wells was in Idaho to meet Gov. Roosevelt, Judge O. W. Powers, of Salt Lake, a Democrat, was appointed United States Senator by President Nebeker, of the Senate. Judge Powers declined the appointment.

Jas. D. Black, who was defeated for the gubernatorial nomination, has been constantly on the stump since the campaign opened, and is doing valiant service for the whole ticket. He has asked to be assigned to Republican strongholds and will be found in the thickest of the fight until victory is achieved in November. Kentucky has no true Democrat than this little mountain warhorse.

The only trouble about Linn Gooch is that he will dispute with Dave Smith the honor of being the ugliest man in Congress.

Marcus Daly, the Montana copper King, and leader of one of the Democratic factions in that state, is said to be dying of Bright's disease in a New York hotel, having just returned from abroad in search of health.

In view of the fact that the Republicans are trying to raise a bond fund in Kentucky by an endless chain with one dollar as the "ante," it will be interesting to note that the postoffice department is after endless chains with a sharp stick that have "no other object than to add to the wealth of their promoters."

Allen W. Gullion, a student at Centre College from Carrollton, has just been appointed by Congressman Albert S. Berry, of the Sixth district, as a cadet to the United States Military Academy at West Point. In connection with this honor he has just been elected president of the senior class at Centre College. He is a son of Editor Gullion, of the Carrollton Democrat.

"The Princess of Trebizonde"

Princess of Trebizonde—The Princess used by the Olympia Opera Company last night and it drew an immense crowd of people to the Casino. The opera is intensely funny from start to finish, those who want a real good laugh should not miss "The Princess of Trebizonde." Mrs. Jarley's wax work is a hit, and the audience compared to those exhibited by the Olympia Opera company. The opera was admirably staged, the chorus was thoroughly drilled and the singing of the principal members was admirable as usual. Mr. Weston was a capital Cabrioli and sang with good effect a rollicking song.

Mr. Weston's wife, Mrs. Weston, is Princess Raphael was just what she said Zinetta was—"just too sweet for anything." The work of Mr. Hicks as Tremolino was in keeping with all his former good work.—N. O. Item.

The remains were shipped to Croton Friday, and the interment took place the same afternoon.

It is a little early for figures, but this estimate of the Second district will be found tolerably close to the right figures: Majorities for Bryan—Daviess 1500; Henderson 1500; Union 1800; McLean 200; Webster 600; Hopkins 350. Majority for McKinley—Christian 750; Hancock 200. Total for Bryan 5950. Total for McKinley 950. Bryan's majority 5000. This is 1200 votes less than Bryan's majority in 1896 and is a very conservative estimate, obtained by making allowances for all possible defections. In 1896 the Brown vote was only 989 in the District and fully half of these will vote the State ticket and practically all claim to be for Bryan, including Mr. Lynch himself. If these voters are recorded for Bryan, his majority should be at least 6,000.

The October number of The Delineator, in addition to Miss Starr's article and the eighty or more sketches of present-day styles, which are prominent features of the magazine, contains twenty other valuable contributions. For thirty years it has been trusted by American women for guidance in home dressmaking and home management.

CIRCUIT COURT.

September Term Convenes With Judge Cook on the Bench.

Grand Jury Empaneled And Court Gives Way to the Speaking.

The fall term of Circuit Court convened yesterday with Judge Thos. P. Cook and Commonwealth's Attorney W. R. Howell in charge. The grand jury was first empaneled, being made us of as follows: Jno. C. Boxley, J. B. Wood, W. H. Boyd, J. R. Caudle, W. J. Chiles, Walter H. Ford, W. W. Radford, Luther Wolfe, J. P. Sholar, W. E. Adcock, E. W. Walker, R. E. Cox. Mr. W. W. Radford was made foreman.

Before instructing the grand jury Judge Cook opened court with prayer.

The instructions were lengthy and bore upon all the usual offenses. Particular stress was laid upon homicides, false swearing, subornation, violations of liquor laws, carrying concealed deadly weapons, and the investigations of the election law offenses.

The court called attention to the charges of fraud growing out of the last election, and the near approach of another election, in which there might be further opportunities for this character of offenses.

POPULATION OF STATES

No More Census Bulletins of City Population.

Washington, Sept. 21.—Director of the Census Merriam said today that the announcement of the population of cities is practically completed as no bulletin will be issued for a town under 25,000. The bureau, he said, probably will begin next week announcing the population of the States. The first will be Arkansas and thereafter they will be issued in alphabetical order, beginning with Alabama. It is thought that all of the states will be given out before Congress as

sembles. The returns from the several states will also show the population of cities under 25,000.

The Saturday Evening Post.

For September 29 is a special double number. The plan of The Saturday Evening Post is to give each week a magazine of the best current literature that will be equal in literary quality and illustration to the monthlies. The cover of this double number is by Gibbs, and is in color. The opening feature is the first installment of Gilbert Parker's new serial, The Lane that Had No Turning. Those who have read this story pronounce it the strongest work that Mr. Parker has yet done.

ATTEMPTED SUICIDE.

Took Morphine and Found in Unconscious Condition.

Owensboro, Ky., Sept. 23.—James M. Breathitt attempted suicide here to-day by taking six and one-quarter grains of morphine. He took the drug at 11 a. m. and was discovered in his room at noon at his boarding-house in an unconscious condition, and it was not until 2 p. m., after an antidote had been injected into his blood and his stomach pumped out, that he was pronounced out of danger. Breathitt was at the speaking at the courthouse last night by Gov. Beckham and District Elector A. O. Stanley. He was drunk and became so noisy that the audience couldn't endure it, and there were cries of "put him out," and a crowd started for him. County Clerk Griffith got to him first and put him out of the house just in time to prevent Breathitt's rough handling. The Messenger this morning mentioned the episode, and Breathitt said it was that which caused him to attempt to take his life; that he was not accustomed to being written up in such a style.

Breathitt came here from Hopkinsville several months ago and formed a partnership with J. T. Griffith and Geo. S. Parrish to prepare a transcript of titles to all the real estate in Daviess county, and Breathitt has charge of the work. He is of a fine Christian county family, and is a nephew of Judge James Breathitt, the well-known Hopkinsville attorney. He had conducted himself well since he came here, and last night was his first bad conduct.

This is a seven month's record, beginning in February and completed in August.

The record of the company in regard to profits to its investors places it far in advance of all would-be rivals. Of the first month's coupons (2000) sold, on the seventh redemption in August, only 485 were left on the books, which means that over 75 per cent. have been paid off at their full redemption value. Of the second month's stock it has been redeemed over 20 per cent. or more than one-fifth of it. Of the 3rd, 4th, 5th and subsequent month's stock sold, not including the special redemption of the Hopkinsville branch, an average of 18 2-3 per cent. has been redeemed. Under the action of the Directors of the Company, a special redemption was granted to the Hopkinsville Branch of The Union Finance Company, for out of the first month's stock of 1500 coupons sold in August, 500 were redeemed in August. The Company also grants to those of the Hopkinsville Branch who buy stock during the month of September a numerical of 10. So that any purchasers who holds as many as ten coupons may be sure of at least one redemption. Again the Company has already paid in the redemption of coupons in the short space of its life \$15,412, an average of over \$2,200 per month. Of the 9360 sold in Henderson and Owensboro, the Company has called in, redeemed and canceled 2984, which is nearly 32 per cent. of the total on the Home Office books, and which makes a splendid average of 426 coupons for each of the seven months.

The leading features of a good investment Co. may be enumerated as follows: 1st. The integrity & ability of the men controlling it. 2nd. The contract or plan. In regard to the first the following testimonial of Mr. B. G. Witt, of Henderson, who is cashier of the Ohio Valley Banking & Trust Co., is submitted, endorsed by such people as Wyatt Ingram, Jr., of Farmer's Bank & Trust Co.; Clay & Clay, Yeaman & Yeaman; "Henderson, Ky., June 30, 1900, Messrs. Lafoon & Langley, Madisonville, Ky., Dear Sirs: Replying to your inquiries concerning the standing of The Union Finance Company of this place and its officials, we are pleased to state very positively that its rating here in financial circles is of the best character. Its directorate is composed of some of the most conservative and successful business men in the commercial activities of our city. Their control and management assures the business public honorable and fair dealing. Respect, B. G. Witt." With regard to the second feature, viz: "The Contract or Plan." The salient points of a good plan or contract may be stated. 1st. One which guarantees economy in its management, 2nd, One which yields the largest profits, consistent with safety, 3rd, One which most amply guards all of its investors. Touching the first point, The Union Finance is the only Company in the world which grants a redemption value on the first month. This is the highest possible guarantee to every investor of economy of management and gives every assurance that the expense of putting the business on the books will be kept at the minimum and it also secures a saving of time to the investor of from 3 to 6 months. The books of The Union Finance up to this date will show a total expense of less than 25c per coupon now on its books. Referring now to the 2nd point, The Union Finance pays a maximum value of 200 per cent for every dollar paid in. Then again the Reserve Fund of The Union Finance, that bulwark of safety to the certificate holders, there is a larger and more adequate provision made in the plan of The Union Finance than in that of any other Company in existence, for in addition to the 15 per cent of every dollar paid in, which goes immediately into the Reserve Fund. There is an additional clause which when a coupon is redeemed a dollar from the Redemption Fund may be added to the Reserve, also all fines, forfeitures and reinstatement fees belong to it, so that considering the fact that 65 per cent of every dollar, a larger Redemption Fund than is provided by most Companies, goes into the Redemption fund of this Company, it is clear to any unbiased mind that the plan of this company is more safely guarded than that of any other.

JOHN D. CLARDY, Director.

This is a co-operative company and insures only farm property. It is now in its 21st month. Loss rate to date has been on an average of only 28cts per hundred dollars of insurance. This is cheap insurance for 21 months.

We propose to give the farmers insurance for about one half that is now being charged by other companies. We do not insure city property and country stores, therefore we do not tax the farmers to pay such losses. Amount of insurance in force is \$600,000. We have some of the leading farmers of Christian County insured in this Company.

Ask our agents for a name list of the insured and for any other information you desire.

PROF. FERRELL.

Something of Interest Concerning An Old Hopkinsville Boy.

The Baptist Argus of this week contains an excellent picture of Prof. C. C. Ferrell, Ph. D., formerly of this city, but now of Mississippi. In speaking of Prof. Ferrell the Argus says:

"It gives us pleasure to present the face of an honored young Kentuckian who has forced his way to the front, Prof. Chiles Clifton Ferrell. Dr. Ferrell is a son of Major J. O. Ferrell, Principal of the Hopkinsville (Ky.) High School. He was born August 20, 1865, in South Carolina; graduated with distinction as M. A. from Vanderbilt University in 1886, and for more than four years was fellow and instructor in that institution. Then he went to Germany, studied there more than three years, receiving the degree of Doctor of Philosophy with distinction from University of Leipzig in 1892. His subject of doctor's dissertation was 'Teutonic Antiquities in the Anglo-Saxon Genesis.' In 1894 he spent the summer in Paris, being a private pupil of Paul Passy, one of the greatest authorities on Phonetics. Since then he has held the chair of Modern Languages in the University of Mississippi.

"Honors have been heaped upon Dr. Ferrell. He is a member of the State Historical Society of Mississippi, of the Modern Language Association of America, and one of the contributors to 'Modern Language Notes,' the official organ of the Association. He is the editor of Franz Grillparzer's 'Sappho' for the International Modern Languages series of Ginn & Co., a college text-book. He is author also of the 'Daughter of the Confederacy, Her Life, Character and Writings.' He has written several magazine articles and pamphlets. We have a promise from him of an article on 'The Religion of the Goths.'

FIVE AT A BIRTH.

Henry Smith And His Wife Are

Record Breakers in Their

Peculiar Line.

A census bureau was established and placed in operation today. A mortuary bureau has also been opened, where relatives or friends are to make oath of the known deaths of persons lost in the storm. These bureaus will materially assist in a more accurate record of the loss of life.

At a meeting of the General Relief Committee today experts were before the committee. No one would

undertake the job of removing the city's debris on contract, as all

state it would be impossible to

make a definite estimate. The

nearest estimate expert wreckers

will make is that it will take 2,000

men ninety days to clear away the

debris and get out all the bodies,

and that this will cost a half

million dollars.

NEW CENSUS

Will Be Taken To Decide The Number of Deaths.

Schools to Open and Business Slowly Resuming in Galveston.

Galveston, Tex., Sept. 19.—Normal conditions are fast being restored in Galveston. The work of clearing the streets of debris continues unabated, and all relief work is now thoroughly systematized. Several human bodies were found today. No attempt was made to identify them, and they were immediately cremated.

Efforts are being made to open the public schools on October 1, the date set before the storm, for their opening. Three of the school buildings can be made habitable at slight cost.

The losses to the life insurance companies is estimated at \$500,000. Most of those who carried old-line life policies escaped. The fraternal orders will lose heavily.

The most reliable information obtainable places the dead between 5,000 and 5,500.

PURSUE THE TRUSTS,

Said Judge Barker to Jurors—De-

Fined Law.

Louisville, Ky., September 18.—Judge Henry S. Barker, in the Criminal Court this morning, announced that he wished every effort of the tribunal directed against unlawful combinations. The occasion was the impaneling and charging of the September grand jury, the first to sit for three months. Judge Barker told the jury that he wished public gambling suppressed.

He then read the statute in regard to trusts and explained it fully. He said that he did not wish to intimidate or threaten manufacturers, but that he wished the grand jury to return indictments in all cases where it has been shown that there has been an unlawful conspiracy to prevent the free and easy working of competition and the regulation of prices thereby. Judge Barker also called attention to a publication in a paper which charged a certain high city official, not named, with receiving money to afford protection to gambling.

ON MIDWAY.

Numerous New Features to Be
Added to Attractions.

The Elks Fair and Carnival promises to have attractions and shows of all kinds. Besides its numerous free performances, there will be a Midway well worth seeing, some of the features of which follow:

The Oriental Palace and Congress of Beauties, dazzling and brilliant, Turkish Slaves Co., dancing girls from the far east in water costumes; Bosco the snake eater; an electric theater, producing Lotta, mysterious electric lady, Zhdarina in fire and electric dances; war pictures, battles of English and Boers; Vandeville Theater; Hoginback, Jr.; Lybraemia the Aerial Queen; Congress of Melody Singers and Cake Walkers. Warren's famous Military band will give concerts daily. The grandest display of fireworks ever seen in Kentucky will be Thursday night.

The life of the business woman is not an easy one. Usually it is a monotonous routine of work, often aggravated by the stupidity of others. And when the physical condition of the woman is not good, in constant suffering, it makes her lot a hard one.

Very few women

have found entire relief from the ill peculiarly feminine, by the use of Dr. Pierce's Favorite Prescription, that it seems almost神奇 to neglect the opportunity of a complete cure offered by the use of this medicine.

You are invited to consult Dr. R. V. Pierce, of Louisville, either by mail or by letter of chancery. If your case is severe or others have failed to reach it, do not hesitate to write to or go and see Dr. Pierce. Your letter will be private; its contents treated as a sacred confidence, and an answer promptly returned in a plain envelope bearing no printing upon it. Write without fear and without shame.

You are suffering from the female weakness for about two years, Mrs. Emma Goss, Wayne Co., Ky., came to me not to do well, but to do well. I took four bottles of Dr. Pierce's Favorite Prescription, and felt as well as I have ever done. I have not had a cold since. I used Doctor Pierce's Golden Medical Discovery to the throat when I had a cold, and it cleared up in a few days. I used one of his bottles when I could not sleep.

The permanent benefit to health from the use of Dr. Pierce's Pellets is testified to by thousands of women. They cure the stomach, liver and bowels. Sold by all medicine dealers.
